

The Department of Civil & Environmental Engineering (CEE) and the John M. Thompson Centre (TC) for Engineering Leadership and Innovation at Western University invite applications for a Teaching Scholar (TS) joint appointment between the CEE Department and TC at the rank of Assistant or Associate Professor with appointment to be commensurate with experience. TS appointments at the rank of Assistant Professor will lead to consideration of continuing status and promotion to Associate Professor, at the end of the probationary period (normally 6 years). TS appointments at the rank of Associate Professor will lead to consideration of continuing status at the end of the probationary period (normally 3 years). The position will begin July 1, 2024. The successful candidate will teach a total of five half courses per academic year at the CEE Department and the TC, will carry out assigned duties related to committee and other service within the CEE Department and the TC, and will engage in scholarship to broaden and deepen the

Western's Recruitment & Retention Office is available to assist in the transition of successful applicants and their families.

The Department of Civil & Environmental Engineering is one of the top civil engineering programs globally [ranked # 1 in Canada and among the top 20 in the world for six consecutive years in the Academic Ranking of World Universities] with a strong international reputation in both research and teaching. We have an established international reputation in environmental geotechnical, structural and wind engineering. Our success in attracting students and funding is based on our dedication to excellence in teaching and research. The department's research strength is supported by unique research facilities and centers such as the Boundary Layer Wind Tunnel Laboratory, the Wind Engineering Energy and Environment (WindEEE) Research Institute, The Geotechnical Research Center, The Western Centrifuge Research Facility, the Institute of Catastrophic Loss Reduction, The Greenway Water Technology and Infrastructure Testing Facility. Further information about the Department of Civil and Environmental Engineering can be found at <http://www.eng.uwo.ca/civil/>.

The John M. Thompson Centre for Engineering Leadership and Innovation (<http://www.eng.uwo.ca/tc>) is an academic unit in the Faculty of Engineering (at Western University). The Centre is responsible for the Certificate in Engineering Leadership and Innovation, graduate diploma in Engineering leadership and Innovation and undergraduate program in Integrated Engineering.

If you share our commitment to excellence in teaching and research, and are eager to pursue a rewarding academic career, please send (i) a detailed curriculum vitae, (ii) a description of teaching
